

TETRA Technologies, Inc. Set to Join Russell 3000® Index

THE WOODLANDS, Texas, June 8, 2021 /PRNewswire/ -- TETRA Technologies, Inc. ("TETRA" or the "Company") (NYSE:TTI) is set to join the broad-market Russell 3000® Index at the conclusion of the 2021 Russell indexes annual reconstitution, effective after the US market opens on June 28, 2021 according to a preliminary list of additions made public on June 4, 2021.

Annual Russell indexes reconstitution captures the 4,000 largest US stocks as of May 7, 2021 ranking them by total market capitalization. Membership in the US all-cap Russell 3000® Index, which remains in place for one year, means automatic inclusion in the large-cap Russell 1000® Index or small-cap Russell 2000® Index as well as the appropriate growth and value style indexes. FTSE Russell determines membership for its Russell indexes primarily by objective, market-capitalization rankings, and style attributes.

TETRA President and CEO Brady Murphy, said, "TETRA has the opportunity to be included in the Russell index as a result of the significant increase in our market capitalization this year and our continued efforts to build shareholder value. We believe inclusion in the Russell index provides us with the opportunity to expand our shareholder base as we are well positioned for a recovering oil & gas market and for the accelerating low carbon energy markets of carbon capture, energy storage and lithium production."

Russell indexes are widely used by investment managers and institutional investors for index funds and as benchmarks for active investment strategies. Approximately \$10.6 trillion in assets are benchmarked against Russell's US indexes. Russell indexes are part of FTSE Russell, a leading global index provider.

For more information on the Russell 3000® Index and the Russell indexes reconstitution, go to the "Russell Reconstitution" section on the [FTSE Russell website](#).

About TETRA Technologies, Inc.

TETRA Technologies, Inc. is a geographically diversified oil and gas services company, focused on completion fluids and associated products and services, comprehensive water management, frac flowback and production well testing. We operate through two reporting segments organized into - Completion Fluids & Products and Water & Flowback Services. In January 2021, we announced our commitment to pursue low carbon energy initiatives that would leverage our fluids and aqueous chemistry core competencies, our significant bromine and lithium resources and technologies, and our leading calcium chloride production capabilities. We continue to pursue a long-term growth strategy that includes expanding our core businesses, domestically and internationally, through the introduction of new technology, organic growth and accretive acquisitions.

About FTSE Russell

FTSE Russell is a global index leader that provides innovative benchmarking, analytics and data solutions for investors worldwide. FTSE Russell calculates thousands of indexes that measure and benchmark markets and asset classes in more than 70 countries, covering 98% of the investable market globally.

FTSE Russell index expertise and products are used extensively by institutional and retail investors globally. Approximately \$17.9 trillion is currently benchmarked to FTSE Russell indexes. For over 30 years, leading asset owners, asset managers, ETF providers and investment banks have chosen FTSE Russell indexes to benchmark their investment performance and create ETFs, structured products and index-based derivatives.

A core set of universal principles guides FTSE Russell index design and management: a transparent rules-based methodology is informed by independent committees of leading market participants. FTSE Russell is focused on applying the highest industry standards in index design and governance and embraces the IOSCO Principles. FTSE Russell is also focused on index innovation and customer partnerships as it seeks to enhance the breadth, depth and reach of its offering.

FTSE Russell is wholly owned by London Stock Exchange Group. For more information, visit www.ftserussell.com.

Cautionary Statements Regarding Forward-Looking Statements

This release contains "forward-looking statements" within the meaning of the federal securities laws, including Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended. In this context, forward-looking statements often address expected future business and financial performance and financial condition, and often contain words such as "expect," "anticipate," "intend," "plan," "believe," "seek," "see," "will," "would," "target," similar expressions and variations or negatives of these words. Forward-looking

statements by their nature address matters that involve risks and uncertainties, many of which are beyond the control of TETRA, and are not guarantees of future results, such as our expected inclusion in the Russell 3000 indexes and the effect of such inclusion. These forward-looking statements are not guarantees of future results and are subject to risks, uncertainties and assumptions that could cause actual results to differ materially from those expressed in any forward-looking statements. Accordingly, there are or will be important factors that could cause actual results to differ materially from those indicated in such statements and, therefore, you should not place undue reliance on any such statements and caution must be exercised in relying on forward-looking statements. Factors that could cause actual results to differ include, but are not limited to, those risks and uncertainties associated with: the impact of the COVID-19 pandemic on TETRA's business, operations, strategy and goals; TETRA's ability to execute on our strategy; the timing of the introduction of new product offerings; and the additional risks and uncertainties set forth more fully under the caption "Risk Factors" in TETRA's Annual Report on Form 10-K for the year ended December 31, 2020, as filed with the SEC, and elsewhere in TETRA's filings and reports with the SEC. Forward-looking statements contained in this announcement are made as of the date hereof, and TETRA undertakes no duty to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required.
